

# I would probably go gay for Gustavo...

**March 19, 2009**

...There was a leak in the dike and a boy put the finger in the leak and that is how he saved Holland....

Good story, it's a good story..... Which finger did he use? It's a very important part of the story! Use your imagination. I love you guys.

Are you having fun yet? Have you gotten the joke? What is the joke? Say to me: The joke is me. Say to me: I am the joke. That is my whole teaching.

"Oh I 'm suffering and struggling and I am doing my best to wake up but I just can't, I don't seem to get it, everyone else seems to be waking up but me....."

Step back and laugh at yourself. It is not that you ask for too much, it is that you ask for far too little. That is today's lesson. What is today's lesson? "Let Miracles replace all grievances."

The Miracle is that by sticking the finger in the dike you inhibit the flow of Grace. What is in back of the dike? Anyone? What is in back of the dike? Is it Grace or is it water that is going to destroy your town? You decide. What is it? What is back there?

"But if let go my body is going to be swept away.." Yes or no? Is that what you afraid of? I am looking at you. Your mind is whole with me. If you let go, your body is going to be swept away. Yes or no? That is true. There is nothing I can do about it. If you let go your body is going to be swept away. And what is going to remain? What already is! What you already are!

Say to me: I am not a body, I am free. What do you suppose Jesus means by that? It is just a way of identifying yourself. If I am not a body, what am I? What am I, who am I? What am I doing here? Are you OK? Is everyone ok? I am just trying to show you how easy it is. You have never been contained by the body, Never! It is a voluntary association, a voluntary relationship. You are a volunteer.

Say to me: I am a volunteer... I am here on behalf of God. There you are. You are in a voluntary relationship with your body identity. Why is it voluntary? Because you are choosing it! You are choosing to associate as a body. You are free to go anytime you want to. No one is asking you to associate with the body. You are doing it, but you are doing it voluntarily. Why? You have your reasons. I am not going to argue with your reasons. Your reasons are divine. Why am I here? "I'm here to raise children...." I have no problem with that.

I just want to expose the truth which is simply that you are doing it to yourself. So why am I here? I am here for the excitement. Why is Josh here? Josh is here because it is exciting. Because, in the entire universe here is where it is most exiting. You call it the emergence of a new species. It is a very exciting moment. It has everything. It has the mistake

and it has the correction. It is a very exciting place to be. To be in the correction itself, is a very exciting place. Why are you here? I am here as an agency of change. I am the correction itself...now I am doing today's lesson.

There is a miracle here because I am here. You can't fool me. Fuck, you can't fool me.... You bring me your problems and you can't fool me, because where you see problems I see the miracle... it is right there. I am trying to show you. Where is it? It is in light. It is in you....it is you... simple..... I am a volunteer...I am here voluntarily... I am here to serve. ... I am here on behalf of God.

There is a transition going on the world, and everyone knows it. Why is that happening? Because I am here! I am the miracle that is generating the change! Absolutely... abso fucking lutely. Now that may take a little balls; You may have to drop into your balls and say; I ask for too little. you say "I need to pay my bills, how am I going to pay my bills? what are you talking about? The whole universe is open to you. Why are you concerned about paying your bills? What the hell is that? It is called a grievance. Now I suggest you apply today's lesson. Yes? Right behind that grievance there is a miracle. What can I tell you? I am showing you that you mind is generating the outcome, and ultimately your mind is all light...only light. You have nothing to be concerned about.

With all of the energy that is flowing out of this provision...the music, Christina's videos, this session.... With all of that energy..., come on...are you telling me that you are not seeing changes in the matrix? With all that is going on....are you kidding me? Open your eyes! That is going to be our next song; "Open your eyes." It is going to be a duet with Lylian. It is our love song to all of you...

I love you guys... You understand that Lylian is responsible for all of it? She is taking on the responsibility for the whole world. You have no idea what goes on behind the scenes. I watch her... she takes on the whole burden. That is why she is so special to me! Is that OK? She is allowed to be special....she is allowed to be special, why? Because you are whole, you are Holy so she can be special. You got it? Did you hear me? When you are Holy, you don't care about specialness! You are not guilty! You can have all the special relationships you like. Yes or no? I love you. These are just symbols, symbols of the resolution, symbols of the occurrence! Yes? That is why the body itself is generating that force, that power of change. The body itself is doing that. Why? It is a symbol of change.

What is symbol? A way of communication! My body is a way of communicating change. You just heard it! You used to call it....here is Aurabindo, here he comes, the descent of the supramental. The mind is going to descend into the dense consciousness of form. Yes or no? And what is going to happen? The form is going to be transformed; there is an alchemy going on and your service is that you are that agency; you are the catalyst for that change. That should make you very happy. Gus, you are happy, you know that the outcome is certain... you are coming from the outcome, you are not confused by that. I am here voluntarily. I am here to remind you that you are here voluntarily, because you have a tendency to forget. Suddenly you get struck human.... You can't pay a bill and suddenly you think that you are here for some other reason. That is not true!

Why are you here? Anyone? Speak to me!

Brother: "To comfort, to heal and to bless"

I like that. That is mine, but you can have it!

Lilian: "But, isn't that from Jesus"

josh: It is in the Course, because I put it there. Are we arguing in public?

How that the song goes, Michael? It is only you that I argue with. I love that song. I want to hear it again and again, can you sing it? Something about; in all the world it is only you that I argue with... I love you that much! It is nice to be heard. I love you so much that I feel free to argue with you. That's how much you love me! You will not hold it against me.

You are starting too get a sense of what love is. Love is infinite acceptance. Accepts everything, knows everything as itself. Makes no distinctions... Love makes no distinctions. I said that! I love you.

Can you see? Fuck this world! I don't know what you are talking about. All there is this is "us" in relationship with each other. Us in love with one another! See how much I love you...how can you tell? I am here with you. Love is communication.....it has been reestablished. Yes? We are communicating with each other. If you hear me, say: I hear you!

Is there anyone who doesn't hear me? Hey Jonas, are you ready to take over? I love you guys. They are just thoughts, just thoughts. There is no thing that isn't a thought. You can just breath right through it, all of your problems... you can breathe right through them. You can blow right through them. Did you hear it? You can just blow on your problems, and they will disappear. It is not there, it is just a thought, it is not a thing. If they become a thing you can not resolve them, it is impossible, it is too late. Thanks guys. I love you. It is only thought. You look beautiful. I am giving you individual attention.

Gustavo is a volunteer. Look at this with me: Gustavo has been volunteering since the beginning of time. He is a volunteer. That is what he is; he works for the Red Cross, yes? Look at Gustavo. Look at all the things he does. On Christmas you will find him standing outside all the department stores ringing the bell.....I love you so much! When you are around the camp fire and you say "I've run out of coffee... he will say: "I'll go and get you some." He is the kind of guy that does all these things. Is that what Gustavo does? It is exactly what Gustavo does. I love you... you are my kind of guy...I would probably go gay for Gustavo! That's my new T-shirt. I would go gay for Gustavo. And that is the name of the session, write it down!!!! You are in good company. I love you so much!

You didn't know it was that easy, did you? It is much easier than you thought. When you discover it, you say, "What was I thinking? Why was I trying so hard?"

It is much simpler, it is what it is... it is what is obvious...what is self evident... you are no longer interested in lies. That is today's lesson.

Say to me: I am not interested in lies! When someone comes up to you and begins to tell lies,

you can look right at them and say: "I am not interested in lies". Are you going to do it, are you going to do it or are you afraid? So when someone comes up to you in your dream and attempts to frighten you by offering you some sickness or something else, what is your response? "I am not interested in lies".

Or when your bank calls you and tell you, you are running out of money... what do you say? Oh no, now it is getting more difficult! Everyone has their threshold, their limit! What is the line... there is got to be a line somewhere...

There is no order of difficulty in miracles. Say to me. Everyone, say it! Do you believe it, do you believe it or you have a threshold? "I believe it up to this point... but there are some ideas that the miracle can't convert. Which are those? Those dear to me. Yes or no? The ones that I value... Come on.... I am just trying to show you how easy it is.

Why isn't that idea converting? Because you value it! Talk to me please. .... Why is that idea still there? Because I value it...because it is important to me, because I chose the grievance!

Why would I cherish the grievance of not having any money, why would I cherish the grievance? Why did you just do it? No you didn't hear me! You only just did it! "I don't have any money"..... I don't know what that means. Does anyone hear me or not? I am just trying to get you back before there was a need for money. I don't know what you are talking about. What is that? I am showing you where the miracle is!

Say to me: All of my problems have been solved. How about your financial problems? Have they been solved? I just said ALL of your problems. You are going to have to accept that wholly. Good. In other words, you have one problem and that one has already been solved. Yes or no? That is the correction, the correction that is being offered today. Now if you allow that correction to filter down into your grievance,.....come on...., see how small that is?

You are residing within the context of that grievance... "I don't have any money", you are residing into that context and you can't see the light that is all around you. There it is. There is a miracle in the back of all grievances.

How would that take shape? "I need a practical answer" ..... That is exactly how you deny a miracle. What do you care how it takes shape! I don't give a shit how it takes shape. I walked into a bank and I found seven hundred Euros lying on the floor..... it takes that shape. Didn't someone else have to loose it? Yeah , that someone was me and I forgive you. Did anyone follow that line? I am good, I am really good... I just gave you the problem and the answer! I love you.

There is money all over the floor, it is laying everywhere. Now I am being heard! You pick it off trees. Who told you money doesn't grow on trees? Your dad? Your dad was a liar!

Say to me: My dad was a liar. My whole fucking teaching: My dad is a liar. He lied to me... he told me money didn't grow on trees! He was a fucking liar! Do you see where I live? My universe is a lot of fun, you may want to join me... money grows on trees!

You are letting me have too much fun.... As long as you are letting me be me, you know it is the

end of time! Why would you want to go anywhere else? We are having so much fun... why would you want to go anywhere else.... I don't understand! I want to go out into the world and finish all my karma. Tell you what, I've got an idea... stay here and I will bring your karma to you! Ok, are you ok with that? I'll bring it to you, so I can keep an eye on you. Ok?

Believe me, I am a good father. I have my eye on you, I don't want you to go out because you will get lost again. Stay here with me and whatever it is you think you need... you want a boyfriend? Whatever you think you need, I will bring it to you. You can be sure that only good can come of this. If you try it to do it yourself, you will run into a little bit of trouble. Will you let me bring it to you? I love you. Why are you laughing? Because you see that all I have done is bring it to you!

Say to me... here is another t-shirt.... The definition of prayer... is the acceptance of what has already been given. Did you get it? It is not asking for anything ... you are not praying for anything. The instant you pray, you realize it is already been given you. It is called; *Money grows on trees.*

Prayer is only gratitude. It is exactly that. That is your next video. It is a good one. Prayer is only gratitude for the gifts that I have already been given.

Am I already at home? Is this heaven? Am I in heaven? Heaven is where you realize that everything has been given you. Is that here? You tell me, you tell me! Is this where your prayers have been answered? Is this where everything has been given you? I am doing my best to maintain that recognition, long enough for you to see that everything has been given you.

We call that a happy dream. I don't care what you call it. I love you. That has nothing to do with the role that you are playing. I love you so much that I love the role that you are playing! It is perfect!

There is no one more self verifying than the struggling artist. I don't know where that came from... I am looking at Aria. Aria is a struggling artist. But being a struggling artist is what self verification is! Did you hear that? That is important. God is not asking you to struggle. Why am I an artist? I am serving God, serving God through this medium.

How do I serve God? "I sing".

How do I serve God? "I play a couple of notes on my guitar. I only play three notes." Three notes. That is all I have to play, that is how I serve God. I love you.

What am I doing? I am communicating, I am using everything to communicate. I use my voice, I use my guitar. Daryl, Is that what you are doing? You are trying to communicate, yes? There is nothing wrong with that, it is all heart. It's all you are doing, I hear you. All you are trying to do is say I love you. It is not easy to say I love You in this place. Is it easy to say I love you in the world? It is getting easier because you are finding one another, and when you play the guitar you don't have to convince me, I hear you. Good, I know you are saying I love you. I hear you in other words.

Michael sings me a love song which is incredible, it changes everything. I know where it comes

from, I feel your love.

Here is what I am trying to do. See if you can hear me with this... what I am trying to do is release you from the tendency to shelter or protect your love. The way that you do that is by giving yourself away, by offering yourself as a sacrifice. Love is sacrifice. Love is self sacrifice. Anyone wants to hear that with me? I am not afraid to use the word sacrifice; that is what love is. *Love is self sacrifice*. That is what I am trying to teach you. I am not here for myself alone. I am here for you, how can I help you?

This is Jesus now: I am sacrificing myself for you. How can I serve you? I'll do anything. You got me? You hear me guys? I am trying to teach you through my own demonstration. Who is Master Teacher? A perfect example of self sacrifice! I am here on behalf of my creations. Is that God speaking or is it me speaking? Yes, yes. Gustavo, you are about to take the step with me. I am here on behalf of my creations, I am here to serve. Look: that is Jesus. He is right there. You are reporting to Jesus now. I here on behalf of my creations! Who is talking? Jesus!

How can I serve? I love you, I will do anything!

Is everyone OK? If you need any special attention, just call out. I've got you, I've got you and you know I've got you. You can just breathe, I am right here with you. We are transitioning together, just breathe. It is working perfectly. Guys, it is working perfectly, yes? You are looking right at it with me. We are in no hurry! Is anyone in any hurry? Just relax and enjoy the show. You will see all the evidence that is working. You will see all the evidence, you don't need to worry about it, you don't need to push it, it is happening right on schedule. Am I right? Yes, I thank my Father for the gifts. Good, you look good. Thanks guys ,I love you.

Hey Venezuela; you look beautiful. Colombia..... Uruguay... you all look fantastic. Thank you.

You can hold this, you can sustain this frequency, it is given you as a gift. You don't have to pretend that you have to go back into time, you don't have to do that anymore. Stay right here and call everything right to where you are. They have to pass through here eventually, anyway. You might as well save them some time while you are here. OK? Good, good; I am the light of the world.

One thing that He wants me to remind you before we start; Tend to my sheep, nurture my thought. This is Jesus speaking.

Lesson 78. Let Miracles Replace All Grievances

**Perhaps it is not yet quite clear to you that each decision that you make is one between a grievance and a miracle. Each grievance stands like a dark shield of hate before the miracle it would conceal and as you raise it up before your eyes, you will not see the miracle beyond. Yet all the while it waits for you in light,**

Thank you that that is true....

**.... but you behold your grievances instead.**

**Today we go beyond the grievances, to look upon the miracle instead. We will reverse the way you see by not allowing sight to stop before it sees. We will not wait before the shield of hate, but lay it down and gently lift our eyes in silence to behold the Son of God.**

**He waits for you behind your grievances, and as you lay them down he will appear in shining light where each one stood before. For every grievance is a block to sight and as it lifts you see the Son of God where he has always been. He stands in light, but you were in the dark. Each grievance made the darkness deeper, and you could not see.**

**Today we will attempt to see God's Son. We will not let ourselves be blind to him; we will not look upon our grievances. So is the seeing of the world reversed, as we look out toward truth, away from fear. We will select one person you have used as target for his name has crossed your mind already. For your grievances, and lay the grievances aside and look at him. Someone perhaps, you fear and even hate; someone you call a friend, but whom you see as difficult at times or hard to please, demanding, irritating or untrue to the ideal he should accept as his, according to the role you set for him.**

**You know the one to choose; His name has crossed your mind already. He will be the one of whom we ask God's Son be shown to you. Through seeing him behind the grievances that you have held against him you will learn that what lay hidden while you saw him not is there in everyone, and can be seen. He who was enemy is more that friend when he is freed to take the holy role the Holy Spirit has assigned to him. Let him be savior unto you today. Such is his role in God your Father's plan.**

**Our longer practice periods today will see him in this role. You will attempt to hold him in your mind. First as you now consider him. You will review his faults, the difficulties you have had with him, the pain he caused you, his neglect, and all the little and larger hurts he gave. You will regard his body with its flaws and better points as well, and you will think of his mistakes and even of his "sins".**

**Then let us ask of Him Who knows this Son of God in his reality and truth, that we may look on him a different way, and see our savior shining in the light of true forgiveness, given unto us. We ask Him in the holy Name of God and of His Son, as holy as Himself:**

***Let me behold my savior in this one You have appointed as the one for me to ask to lead me to the holy light in which he stands, that I may join with him.***

Look out... that my enemy is my friend? Holy shit.... Look out. Go ahead...

**The body's eyes are closed,, and as you think of him who grieved you, let your mind be shown the light in him beyond your grievances.**

**What you have asked for cannot be denied. Your savior has been waiting long for this. He would be free, and make his freedom yours. The Holy Spirit leans from him to you, seeing no separation in God's Son. And what you see through Him will free you both. Be very quiet now, and look upon your shining savior. No dark grievances obscure the sight of him. You have allowed the Holy Spirit to express through him the role God gave Him that you might be saved.**

**God thanks you for these quiet times today in which you laid your images aside, and looked upon the miracle of love the Holy Spirit showed you in their place.**

Thank you, thank you, thank you.

You are in Holy Company! I am calling all Angles. Everyone is here on your behalf!

**The world and Heaven join in thanking you, for not one Thought of God but must rejoice as you are saved, and all the world with you.**

**We will remember this throughout the day, and take the role assigned to us as part of God's salvation plan, and not our own. Temptation falls away when we allow each one we meet to save us, and refuse to hide his light behind our grievances. To everyone you meet, and to the ones you think of or remember from the past, allow the role of savior to be given, that you may share it with him. For you both, and all the sightless ones as well we pray:**

***Let miracles replace all grievances.***

Thank you, thank you. This is good company. The light is right there. It can be so easily looked upon, that the arguments against are absurd. It is where you are with me now. You are in light. Yes? Yes. That is today's lesson. We are gathered here in light.

Thanks guys. I love you.

Namaste...

Would you trust me when I say that it is close? Very close? Good. It is very close.... Something happened last night which is a sure indication that it is very close.

Continue being grateful, love one another..... God bless us, each and everyone!
